What do you enjoy most about University Life?

More freedom than ever before, being able to study the subjects I enjoy most.

How did the Business Studies qualification help you progress towards your next steps?

Helped me reach my goal of achieving a place at university. My qualifications helped me pick any subject I wanted to study due to having a good tally of UCAS points.

What are your future career goals?

Achieve a minimum of a 2:1 grade from university. Get a well-paid job that will allow me to buy and do anything I like. Prove the people who doubted that I couldn't apply myself properly at school and do well in life.

If you could give your Year-10-self one piece of advice - what would it be?

The time for messing about and not really trying is over. GCSEs and A levels will have a huge impact on future jobs and quality of life prospects.
