25 June 2020

Dear Parent/Carer,

I hope this letter finds you happy and healthy and that you and your family are managing well with as little disruption as possible.

As you know, we have welcomed many of our Year 10 and Year 12 students back to school this week for a face to face meeting. Due to the success of these meetings and the value we have all found in being able to touch base in person, I write to inform you that we would like to offer our Year 7-9 students and a member of their household, the opportunity to engage in some form of face-to-face or personal telephone conversation before the the summer holidays. The purpose of this communication will be to report on your child's progress this academic year, establish how well your son/daughter has been engaging with their remote learning over the last few months and to assist with any barriers or gaps in learning moving forward. We would also like to 'check in' generally with your child's well-being. The conversation will last for approximately 20 minutes.

Please follow this link: <http://www.childwallssa.org/Year-7-9-COVID-Contact/> and select you child's Year Group from the list. Alternatively you can click on the link in the text that has been sent to you via SIMS InTouch. Complete the quick questionnaire to let us know the preferred time and format of the meeting you require. (Face-to-face or a telephone call.) Your support in this matter will mean that we can all start the next phase of a return to school in September that brings us a little closer together. As soon as we have your response our staff will arrange the detail and inform you of your appointment time.

Thank you for your cooperation and continued support.

Yours faithfully,

Ms J E Vincent  
Headteacher
