

Ms. J Maddock

#### Teacher Governor Profile

I have taught at Childwall Sports and Science Academy since 1997. Before teaching, I held several roles in the retail, banking, and utility industries. I am proud to work in a wonderfully diverse school like Childwall Sports and Science Academy and the richness that it brings to working life. As a teacher of Business, I am aware that all businesses need enterprising employees to drive the business forward either as successful leaders, employees or entrepreneurs. My primary goal, as a business teacher, is to develop the skills of young people that will be relevant in the real world. I have enjoyed supporting hundreds of learners working towards their career and personal goals, from KS4 into KS5 and beyond. Outside of working life, I enjoy researching family history, walking, reading and cinema.
