

**Chris Maguire**

**Co-opted Governor  
9.3.20 – 8.3.24**

I am a Pharmacist who has worked in community pharmacy, hospital pharmacy and in Primary Care (GP surgeries) over 10 years. I am also a qualified Marketing professional and work as the marketing manager for the UK and Ireland for Becton Dickinson – one of the largest medical technology companies in the world.

My previous roles have always been focused on looking after patients, ensuring they are receiving the best care possible, running national teams of 90 pharmacists, working to the same standards and levels of quality, ensuring patients receive the same care regardless of where they live.

In my current role I manage a team and a large budget, driving the business forward and helping to set the strategy for the company for 3-5 year periods. I sit on disciplinary boards, and inclusion and diversity boards across Europe to ensure as an employer we are standing by our values and developing an inclusive culture.

I really want to give back my time, energy and experience to the community I live in by fulfilling the role of Governor. My aim is to ensure that children get the best possible education, giving them the same opportunities as I have had. I want to work in partnership with the school and help them to ensure that they have the right strategy in place to support the children's progress and enable them to achieve to the best of their ability.
