

Christine Connolly	Parent Governor
--------------------	-----------------

I am delighted to be appointed Parent Governor at Childwall Science & Sports Academy. As a parent of a current year 11 student and a student due to start year 7 in September, I am dedicated to collaborating with both students, parents and staff at Childwall to provide a voice to maximise effective communication and feedback.

After working in education for several years prior to studying an English Literature degree at Liverpool Hope University, I am fully aware and experienced in how schools run. Fairness in education and school organisations is at the heart of my agenda and I am proud to be part of maintaining an inclusive culture for all that Childwall has worked hard to create over the past few years.

Having completed an English degree this year, my next professional step is to pursue a career in secondary school teaching via the teaching programme delivered through Lydiate Learning Trust. I am proud to be part of this programme and look forward to combining the responsibility of both Parent Governor and Student Teacher in order to promote my passion for supporting the governance of the excellent learning environment that Childwall continue to create.
