

Eddy Bannon

Parent Governor

I have been a parent Governor at Childwall for the past five years and throughout this time I have held various positions on the board from Safeguarding Lead to Deputy Chair of the committee. As a parent Governor I am passionate about bringing the voice of the students and the parents to the Governing body, as my unwavering focus is to better the school for the benefit students. For me the most vital voice to be heard is the voice of the students, which is what I aim to bring to all board meetings through the first-hand experiences I have had with my own children.

Three of my children have attended Childwall, with one still in the school, and through my time as a parent Governor I have seen the school grow and improve. I strongly believe in creating an educational environment that has the students at heart and want to ensure that the same positive experiences, that all of my children have had at Childwall, are being maintained and made accessible to all current and future students.
