

# HEALTH & SOCIAL

## HEALTH AND SOCIAL

Are you passionate about helping others, making a difference in your community, and building a career in health or social care?

Health and Social Care is a dynamic, hands-on qualification that prepares you for the real world of care work, healthcare, and support services. This nationally recognised qualification offers a practical, career-focused route into the health and social care sector. Whether you're aiming for university, an apprenticeship, or direct employment, this course equips you with the skills, knowledge, and confidence to succeed. Health and Social care is assessed through both set assignments and exams spread evenly throughout the course.

### Enrichment Opportunities

- Workshops with NHS professionals
- Real-world placements in hospitals, hospices, and care homes
- Mentoring from healthcare ambassadors
- Recruitment events for entry-level NHS roles
- Virtual career expos and interactive sessions (e.g. VR simulations, suturing practice)
- First Aid and Mental First Aid qualifications
- British Sign Language Courses
- Volunteering opportunities in local community centres or schools.
- Visits to LJMU, Edge Hill and Liverpool Hope

### Future Careers
