I am proud to serve as Head of School at Childwall Sports and Science Academy, having joined the academy in 2024. With over a decade of experience as a senior leader across schools and colleges, I bring a deep commitment to educational excellence and a passion for transformative learning.

My leadership is driven by the belief that education has the power to change lives. I am motivated by the role schools play in promoting social mobility and opening doors to opportunity for every student, regardless of background.

At Childwall, we work tirelessly to ensure our students receive a high-quality education that prepares them for success in life. Alongside our dedicated staff and supportive governors, we focus on improving outcomes and enriching experiences for all learners. We value the insights and contributions of our governing body, whose partnership is vital to our ongoing school improvement journey.

I am especially proud to represent the vibrant and diverse Childwall community. Our school's greatest strength lies in its unwavering commitment to inclusion and diverse cultures —ensuring that every student feels a sense of belonging, is supported, and empowered to thrive.

Together, we are building a school community where kindness, resilience, and respect are at the heart of everything we do.
