

## **Janette Vincent**

### **Executive Headteacher (Secondary), Lydiate Learning Trust**

Janette Vincent is Executive Headteacher (Secondary) at Lydiate Learning Trust, overseeing Childwall Sports and Science Academy and Deyes High School. She has worked in education for 35 years, with extensive experience leading secondary schools in diverse urban communities.

Prior to the Executive Headteacher role, Janette was Headteacher at Childwall Sports and Science Academy, where she ensured that there was a clear focus on inclusion. This involved strengthening the quality of teaching and learning for all students and building a culture of high expectations and belonging in all aspects of school life. She is highly motivated to ensure that every student can succeed. Under her leadership, the academy achieved a 'Good' judgement from Ofsted, reflecting sustained improvements in curriculum, behaviour, and leadership across the school.

Janette remains passionate about inclusive education and believes schools play a critical role in expanding experiences and creating opportunity for young people. She works closely with leaders across the Trust and both secondary schools to further develop staff, share best practice, and to ensure students benefit from ambitious learning experiences both within the classroom and beyond.

Her leadership is underpinned by the Lydiate Learning Trust vision to Engage, Enable and Empower all learners. A significant expectation of her role is to ensure that every student is supported to achieve their potential and progress to the next stage of education, training or employment that is right for them.
